							Grant contracted March 2022 - Completion expected December 2022
							The group have submitted an application to this round RNB 2022 7000. To avoid having the church shut down (or having the congregation overly inconvenienced) the group feel that if funded that both projects will commence at the same time. Their preferred quote for the kitchenette is likely to be from same company who will complete the chancel project. For this reason they have not started the chancel project. Project/s likely to commence in September with completion in December.
